WALK FOR HOPE

IS MORE THAN A WALK... IT'S A MOVEMENT ^{TO} END BREAST CANCER.

Invite your family, friends, business & organizations to join us as we walk to save lives & end breast cancer.

WATER & FIRST AID STATIONS AVAILABLE

The "WALK FOR HOPE" is an effort to raise our communities' awareness of breast cancer by reducing risk, early detection resulting in better outcomes, treatment, and the need for a reliable and permanent cure. Increased awareness has also heightened the number of women receiving mammograms and the number of breast cancers detected. The Health and Wellness ministry is supporting the Yolanda E. Williams Foundation Breast Cancer Awareness "WALK FOR HOPE" in memory of Yolanda E. Williams and other family members who have lost the battle or are presently battling against breast cancer.
